

Five reasons why an Emerald Management eJournals subscription can add value to your library

- A subscription will equip your students, teachers and researchers with over 180,000 articles from more than 290 journals covering all management disciplines and complementary specialist subjects
- Many of our titles are indexed by Thomson Reuters (ISI) and Scopus
- All research papers are subject to a rigorous peer-review process so you can be assured content is both relevant and of the highest quality
- Subscribers benefit from additional free resources designed to make research easier and provide valuable tools to enhance your subscription. Includes resources specifically for librarians
- Immediate access to all new content, with no embargoes (for annual subscriptions) – this means your users can read the very latest research, as soon as it is available.

Emerald Management eJournals Database:

As an established leader in management research, we provide comprehensive coverage across all management disciplines with over 200 journals in this field.

Emerald Specialist eJournals Collections:

Our Specialist eJournal Collections extend our expertise in management to other applied areas of study. This knowledge is built through strong support of our subject communities.
